The 19th edition **GreenPort Congress & Cruise** provides Senior Executives with a meeting place to discuss and share the latest in sustainable development and environmental practice within sea ports, terminals and their associated logistics supply chain. It is a must-attend event for environmental managers and planners, harbour masters, logistics managers, energy managers, sustainability and corporate social responsibility executives from ports, terminal operators, shipping lines, shippers and logistics companies.

**GreenPort Congress & Cruise** provides an exceptional platform for your company to market itself through one of our varied sponsorship packages. It brings all the benefits of your brand being associated with premium content in a face-to-face leadership environment.

In 2024 **GreenPort Congress & Cruise** will travel to Northern Europe.

“

As a first time attendee, the GreenPort Congress exceeded my expectations. The presenters were excellent with a high level of expertise. An educational experience and interactive experience, just what I wanted. Thank you!

”

**Giouli Vourna, Project Manager / Project Preparation Facility,  
 Hellenic Republic Asset Development Fund (HRADF)**

### What is GreenPort?

**GreenPort** is an annual conference, together with a digital magazine, online and a regular eNewsletter. The purpose is to provide business information on environmental best practice and corporate responsibility for marine ports and terminals. Its audience is senior executives in the port community responsible for their organisations environmental impact.

### What is GreenPort Congress & Cruise?

Now in its 19th year, the **GreenPort Congress & Cruise** was last held in October 2023 in Lisbon, hosted by the Port of Lisbon. Its goal is to provide decision makers from the port community - port authorities, terminal operators, shipping lines, logistics companies - with a meeting place to both learn about and discuss the latest in sustainable development and environmental practice. This enables them to effectively implement the changes needed to reduce their carbon footprint and to be more sensitive to environmental considerations.

The Congress aims to highlight innovations in equipment and technology to allow port users to adhere to policy, whilst illustrating practical solutions through case studies from the global logistics chain.

With the ongoing increase in numbers of passengers enjoying cruises, the **GreenPort Cruise Conference** provides a platform from which cruise terminal operators and other cruise stakeholders, including city representatives and cruise lines, can meet to discuss the many environmental issues surrounding this expanding industry. It is held in parallel to **GreenPort Congress** on day one.

The conference attracts more than 200 attendees, including 98 port authorities, terminal operators and shipping lines representing 30 countries. The highest proportion of delegates in 2023 were port authorities, terminal operators and ship owners.
